

Sunbow® Solar Glow™ AZALEA SERIES

Rhododendron 'QbackA' PPAF

An earlier-blooming selection with larger, colorful, and more showy blooms. Great for light shade and even sunnier locations, this hardy native azalea is more heat-loving and disease resistant. With the added attraction of honey-suckle fragrance, these are a perfect addition to your garden.

| EXPOSURE | USDA ZONES | SUNSET ZONES | DIMENSIONS |
|------------------------|---------------------------|--------------|------------------------------|
| Full sun to part shade | Hardy to -20°F, zones 5-9 | 3-9, 14-17 | 6-8 ft Height x 4-5 ft Width |
