

Ultra Violet™

BUDDELIA

Buddleia 'PDSI-1'

This exciting buddleia grows compactly into an attractive rounded shape, unlike other butterfly bushes that often become tall and lanky. Its violet blooms are a beacon for butterflies and honeybees, and Ultra Violet reblooms well from late spring into fall.

EXPOSURE	USDA ZONES	DIMENSIONS
Full sun	Hardy to -20°F to -10°F, zones 5-9	3' Height x 3' Width

Bloom

Violet blooms late spring, summer and fall
